

# merton partners | operations management consultants

accelerate your business objectives: direction, performance, results

## working with you...

We rapidly assimilate into your business to understand your talents, how you create value, your competitiveness, and how you execute and achieve results. Working side-by-side, we will:

- assess
- benchmark
- analyze
- model
- design / re-engineer
- implement
- control

## we deliver...

Our expertise in identifying the root that drives your high performance vs. the cause that allows failures. Together, we understand how to align competent and competitive:

- strategies
- objectives
- processes
- outputs
- structure
- information-flow

## we partner to bring...

- **Operations Management Consulting**  
strategy / process / implementation
- **Expansion | Rationalization | Optimization**  
integration / consolidation / decommissioning
- **Training & Temporary Staffing**  
corporate initiatives / lean six-sigma / functional managers

Exceptional people. Exceptional results.
